Buttons:

For the buttons, knt. 2 cords in a spiral shape as follows: Cast on 45 S with the circular knitting needle and immediately co. again in the following R, knt. the S ri.

Finishing:

Close the back seam (= cast on edge) as flat as possible, use felt wool and felt the slippers together with the cords. After felting, roll each of the cords together to form a spiral, tightly sew the bottom together with sewing thread and attach to the front of the slippers (see image).

Felting:

Felt the slippers (on their own) in the washing machine at 40°C. To do this, select the colours wash program (2 hrs.) with 800–1000 revolutions when spinning, no economy or short wash program. Add some detergent without optical brighteners or built-in softener. Do not use softener. To support the felting process, add 3 tennis balls to the washing machine. After felting, immediately shape the felted pieces (ideally step into the slippers while they are still damp) and let them dry.
