Jacket:
The jacket is knitted in one piece from top to
bottom without seams.
With round needle, cast on 54 (62) st. plus
2 edge stitches and knit purl for 4 cm (= 18 rows)
for the collar. Hereby casting on 3 st. respec-
tively at the end of the last-but-one and the
last row (= 62 (70) st.). Continue in the following
manner: 1 edge stitch, 5 M garter stitch (= left
panel with button holes, see below), 50 (58) st
stocking stitch, 5 st garter stitch (= right panel),
1 edge stitch. after 2 rows (1. row) between edge
stitches for the raglan lines mark the stitches
14. + 15. (16. + 17.) st., the 20. + 21. (22. + 23.) st., the
40. + 41. (46. + 47.) st, as well as the 46. + 47. (52. +
53.) M and in the following row (= 3. row) knit for
the raglan angle respectively before and after
the marked st. 1 st. plain twisted from the cross-
stitch (= 8 additional st. = 70 (78) st.). Repeat
these additions in each 2.row another 17 (20) x
(= 206 (238) st.). Now work one more return row
in purls and then divide the stitches for fronts,
sleeves and back as follows: 1 edge stitch, 5 st.
garter stitch, 27 (32) st. stocking stitch (= left
front), immobilise the following 42 (48) st. (= left
sleeve) and cast on 6 new st. (sleeve saddle).
Knit the next 56 (66) st. for the back in stocking
stitch, immobilise the following 42 (48) st. (= right

sleeve) and once again cast on 6 new st. Now knit another 27 (32) st. stocking stitch and the last 5 st. in garter stitch (= right front), 1 edge stitch (= 134 (154) st. on the needle). Jointly finish the fronts and the back in this apportionment. After 13 (15) cm (= 43 (51) row from this apportionment knit another 9 rows in garter stitch and then cast off the stitches straight, hereby knitting plain stitches.

For the button holes, in the 5 panel stitches in the 7., 25., 43. and 61. row after the edge stitch, knit 2 st. together in plain, 1 slip stitch, 2 st. together in plain, 1 st. plain. Knit the slip stitch in plain in the return row.

For the sleeves, with the set of needles, add another 6 st. to the immobilised 42 (48) st. from the sleeve saddle (= 48 (54) st., spread the stitches over the 4 needles of the set and knit plain in rounds; beginning of the round is the centre of the 6 sleeve saddle stitches. For the sleeve angle, in the 3. row knit the 2. and 3. st. together in plain slip st. with the 1. needle (= slip over 1 st. in plain, knit 1 M plain, then slip the slipped st. over the knitted st.), and knit the second and third-last st. together in plain with the 4. needle. Repeat this cast off in every 6. rd. for 6 (7) times (= 34 (38) st.). After 12 (14) cm (= 40 (48) rounds), knit another 9 rounds in garter stitch and then cast off the stitches straight, hereby knitting plain stitches.

Completion: Sew on buttons according to buttonholes.

Cap: (Information for larger sizes in brackets)
The cap is knitted round.

Cast on 80 (90) stitches, distribute onto the 4 needles, and knit in garter stitch for 11 rounds.

Subsequently, continue knitting in stocking stitch, hereby adding 10 st. evenly spread in the 1. round. (= 90 (100) st.).

At a total height of 12 (14) cm (= 41 (47) rounds) cast off as follows: Mark each 9. (10.) st. and knit this stitch together in plain with the stitch before(= 80 (90) st.) Repeat this cast off in every 2.round until only 10 st. remain. Pull these 10 stitches together with the working yarn. Tip: Hereby, pull the working thread through the stitch several times so no hole remains.

Shoes:Cap: (Information for larger sizes in brackets)

Cast on 32 (36) st. plus 2 edge stitches and knit 7 rows in garter stitch between the edge stitches, beginning with a return row. Subsequently knit stocking stitch over all stitches between edge stitches.

At a total height of 6 (7) cm (= 21 (25) row), knit one row as follows for the cord insert: 1 edge st., 1 st. plain, * 1 slip stitch, knit 2 st. together in plain, repeat from *, end with 1 st. plain, 1 edge st. Subsequently knit one more return row in purl, also knit the slip stitches in purl.

Now, for the top of the show continue with garter stitch over the centre 10 (12) st., immobilise 12 (13) st. on both sides. After approx. 4 (5) cm (= 20 (24) rows) garter stitch, also immobilise these stitches.

Now, for the sides of the shoes, initially knit the immobilised 12 (13) of the right side in plain, then with the working thread take up 10 (12) st from the side edge of the top of the shoe, then knit the 10 (12) st. of the upper side of the shoe in plain and also take up 10 (12) M from the other edges of the top of the shoe, then knit the 12 (13) st. of the left side in plain (= 54 (62) st.).
