Size:

Bear: height (sitting): approx. 21 cm

Heart: height approx. 13 cm

Usage:

each approx. 100 g in col. 19 (beige), col. 05 (cream) and col. 03 (light blue)

Additionally you will also need: 1 pair of sew-on eyes Ø ca. 12 mm, 1 sew-on bear nose approx. 1,7 cm wide, yarn remnants in black to embroider the nose, approx. 100g filling for both the bear and the heart, matching sewing thread in beige and brown, 1 heart shaped wooden button (used here: wooden button Art. No. 1447-5 from Gründl)

Pattern:

Dc in spiral rnds: the dc are worked in spiral rnds cont. Mark the first st of each rnd with a contrasting piece of yarn or a marker. This makes it easier to count rnds.

Dc in rows: each row of dc begins with 1 tch as replacement for the first dc and ends with 1 dc in the replacement dc at the beginning of the prev row.

Tension:

15 sts and 13 rows to 10 cm meas over double crochet using size 5mm needles or size needed to achieve given tension.

A tension swatch should be made before beginning work. Double check this with the tension given and change needle size if needed. Only then will the measurements (cm), rows, sts and usage be correct.

Instructions:

Caution: To be used only as decoration – this is not a toy!

Tip: All of the pieces for the teddy bear should be crocheted tightly, this means to double check your tension to assure the filling stays inside the finished pieces. The individual pieces should be sewn together tightly and all loose threads carefully secured.

Body: (begin at the bottom end) (col. beige) Using col. beige work 6 dc into a magic ring (= 1st rnd). Cont. dc in spiral rnds.

Rnd 11: dc every 13th and 14th st tog (= 39 sts)
 Cont these decs logically in every following rnd (= 3 sts less per rnd) until only 3 sts are left. Start to stuff the heart with filling beg with rnd 18.
 Cut yarn and pull through last st.
 Stuff filling into top of the bear. Close the opening.

Finishing:
 Sew on arms and legs (refer to image if needed). Sew the inner ear to the outer ear with matching sewing thread. Sew the ears to the top of the head. Stuff the snout and attach to the front of the face. Sew on nose or embroider nose on with black yarn. Then stitch the facial contours with black yarn (using image

as reference). Sew on eyes, and at the same time pull the eyes tightly into the head with the thread and anchor with a knot. This will animate the bear's face and give it more expression. Sew the head to the body. Sew the tail to the back of the body. Sew the heart button to the chest of the bear and attach the crocheted heart if desired.

Tip: You can also make your teddy a cuddle blanket out of leftover yarn.
