#### Usage:

approx. 200 g (for up to size 38/39), as desired rhinestones to sew on Ø 6 – 8 mm

#### Stitch Pattern:

##### Stockinette st:

*In rows:* RS rows: k all sts, WS rows: p all sts.

*In rnds:* k all sts in all rnds.

##### Tension:

11 sts and 16 rows/rnds to 10 cm meas over stockinette stitch **unfelted**.

17 sts and 29 rows/ rnds to 10 cm meas over stockinette stitch **after felting**.

##### Instructions:

##### House Shoes: (make two alike)

The house shoes are started at the heel.

Using the circular needles cast on 34 sts (also refer to chart) and work in stockinette stitch for 33 rows (see chart). Then divide the sts amongst 4 double pointed needles: 2 x 8 sts and 2 x 9 sts. Cont in rnds. In the first rnd cast on 2 sts at the front centre (= 36 sts). After 27 rnds (also refer to chart) work the toe. To do so, in every rnd k2tog the last 2 sts on each needle and repeat until only 2 sts remain on each needle. Cut yarn and pull through these remaining 8 sts. Carefully pull taught to close hole.

##### Buttons:

For the felted buttons in spiral shape make 2 cords as follows: using the circular needles cast on 45 sts and in the following row cast off all sts k-wise.

##### Finishing:

Sew back seam (= cast on edge) as flat as possible using felting yarn. Weave in ends. Felt the house shoes along with the 2 cords. Roll the cords into spiral shapes after felting and sew together on the bottom side using sewing thread. Sew the rhinestones on as desired and then attach to the tops of the shoes (as shown in reference image).

##### Felting:

Wash the house shoes (only one pair at a time) in the washing machine at 40°C (warm water) using the wash cycle for cotton or coloured clothing (approx. 2 hours), spin cycle

approx. 800–1000rpm, do not use a short cycle or water saving program. Add a small amount of detergent without optical brighteners or softeners. Do not add softeners to the load. To assist the felting process add 3 tennis balls to the load. After felting remove immediately from the machine and shape the shoes into form (it helps to put the wet shoe on your foot to stretch properly). Allow to dry out of direct sunlight.

**Tip:** If you feel the shoes didn't felt enough or are too large, you can repeat the washing cycle again. If the shoes are too small you can stretch and pull into shape while still wet.
