Instructions: (Changes for larger sizes given in brackets. If only one number is shown, this applies to both sizes)

Back and Front up to the Raglan Decs:

The Back and the Front are worked in one piece so there is no need for side seams. Using col. 13 (petrol) cast on 143 [157] sts (inkl. 2 selvedge sts each edge) and starting with a WS row work 3.5 cm (= 13 rows) as foll: 2 selvedge sts (= double selvedge), 4 sts in edge patt, 131 [145] sts cuff patt, 4 sts edge patt, 2 selvedge sts (= double selvedge).

Work the buttonholes on the lefthand edge starting with the 1st buttonhole in the 4th row (RS row): work row until 6 sts remain, then k1 (edge patt as established), 1 yo, k2, pss0 (pass the previously knit edge st over last st), then k1, 2 selvedge sts (= double selvedge). In the foll WS row work the yos in patt as established (for the cuff knit and stockinette purl the st). Then work the remaining buttonholes 5 times more in every 16th row then 1 time after 12 rows [for the larger size work 6 times in every 16th row]. AT THE SAME TIME when work meas total of 3.5 cm (= row 13) from cast on: 2 selvedge sts (= double selvedge), 4 sts border patt, 131 [145] sts stockinette stitch, 4 sts border patt, 2 selvedge sts (= double selvedge).

When work meas 12 [13] cm (= 28 [42] rows) from cuff in the foll RS row cast off the 34th-41st [38th-45th] sts and the 103rd - 110th [113th - 120th] sts then place the rem sts on holders (= 33 [37] sts for the right front, 61 [67] sts for the back and 33 [37] sts for the left front).

Sleeves:

Using col. 13 (petrol) cast on 35 [41] sts (inkl. 1 selvedge st each edge) and starting with a WS row work 3.5 cm (= 13 rows) in cuff patt. Then cont in stockinette st increasing 1 st on each edge in the 1st stockinette row (= at the beg of the row after the selvedge st M1 tbl into the horizontal strand between the selvedge st and the 2nd st and at the end of the row M1 tbl in the same manner between the 2nd to last st and the selvedge st) (= 39 [45] sts). Rep these incs 9 [10] times more in every foll 4th row (= 57 [65] sts). When work meas 12 [13] cm (= 38 [42] rows) from cuff cast off 4 sts each side (= 49 [57] sts). Place sts on holder. Work second sleeve alike.

Raglan Armhole Shaping:

Place all sts onto one needle in the foll order: 33 [37] sts for the right front (as seen when wearing), 49 [57] sts for the right sleeve, 61 [67]

sts for the back, 49 [57] sts for the left sleeve and 33 [37] sts for the left front (= 225 [255] sts). Place markers on the 33 st (= last st of the right front), 83rd [95th] st (= first st of the back), onto the 143rd [161st] st (= last st of the back) and on the 193rd [219th] st (= first st of the left front). These are the centre sts for the raglan decs. Cont to work the edging patt (with double selvedge sts) over the first 6 and last 6 sts as previously established and the remaining sts in stockinette st. Make the raglan decs at each marker in every other row (RS rows) 19 [21] times being careful to always work the centre sts as rev stockinette st. (= 73 [87] sts).

Tip: At the start of the raglan armhole shaping place the sts onto more than one circular needles (or one very long needle) and change to shorter needles as needed.

The decs are complete when work meas 12 [13] cm (= 33 [42] rows) from start of the armholes. Then cont in neck ribbing over next 2.5 cm (= 9 rows), making sure to work the last buttonhole and patt as foll: 2 selvedge sts (double selvedge), 4 sts edging patt as established, 61 [75] sts in ribbing patt, 4 sts edging patt as established, 2 selvedge sts (double selvedge). Then cast off all sts in patt, working the 2 selvedge sts together (k2tog).

Finishing:

Sew the sleeve and smaller armhole seams together. Close all seams using the mattress stitch. To do so, place the edges to be joined together flat next to each other with the right sides facing. Use a blunt needle and alt sts between pieces inserting the needle under the horizontal bar between the selvedge st and the 2nd st, then into the corresponding bar on the other piece. Cont alt from side to side and after a few cm of work, tug the thread firmly to close the seam but be careful not to make the seam too tight. This insures an elastic seam. The selvedge sts disappear to the inside and you will have a clean, almost invisible seam. Sew on buttons. Weave in ends securely.
